

## RESTON, Va. – September 9, 2020

Concept Solutions, LLC today announced that it has been appraised at maturity level 3 for the CMMI Institute's Capability Maturity Model Integration (CMMI)® for Development. The appraisal was performed by Norman Hammock of A1 Independent Consulting. The first appraisal for maturity level 2 was achieved in October 2009. Then in January of 2012, the company continued its process improvement strategy with an appraisal and rating at maturity level 3. This latest appraisal marks the 5<sup>th</sup> time Concept Solutions has acquired a CMMI maturity level rating and clearly demonstrates the company's focus and dedication to its quality program.

Phong Mai, President and CEO stated, "Concept Solutions, LLC is a proud partner of the CMMI Institute. We have been using CMMI to help elevate performance for 10 years and have seen the value of the models to deliver measurable results for our clients as well as our own internal processes. We look forward to working with the CMMI Institute to extend the reach of the CMMI frameworks to enable our team and our customers to reach their goals."

*"We have been using CMMI to help elevate performance for 10 years and have seen the value of the models to deliver measurable results."*

CMMI is a capability improvement approach that provides organizations with the essential elements of effective processes that ultimately improve their performance.

An appraisal at maturity level 3 indicates the organization is performing at a "defined" level. At this level, processes are well characterized and understood, and are described in standards, procedures, tools and methods. The organization's set of standard processes, which is the basis for maturity level 3, is established and improved over time.
